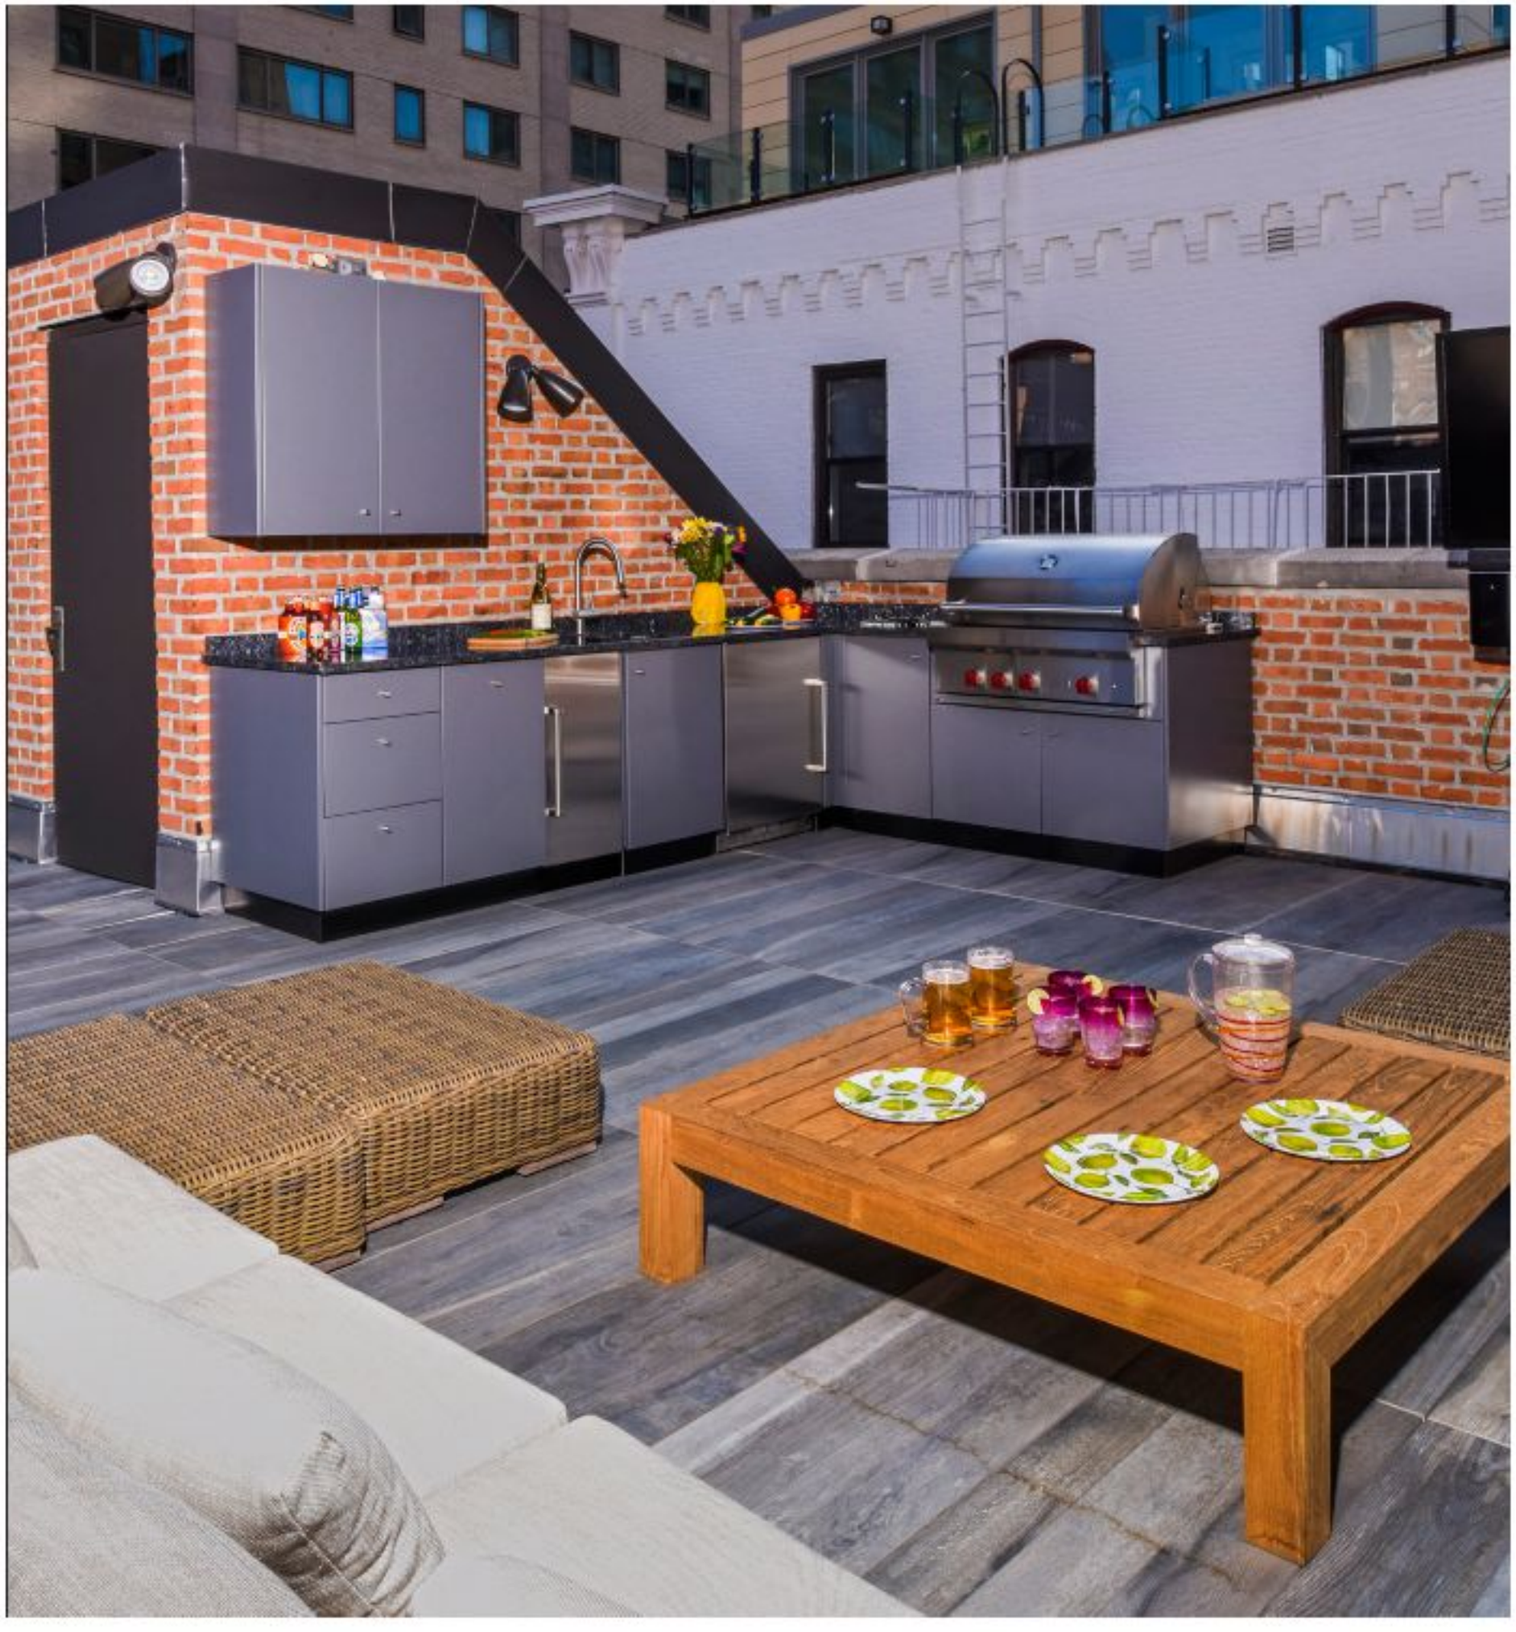
Trex® Outdoor Kitchens™

WHO WE ARE

Trex® Outdoor Kitchens™ represents the finest in stainless steel cabinetry for luxury outdoor kitchens, and is designed and manufactured by CT Acquisitions LLC, manufacturer of Danver Stainless Outdoor Kitchens, under a trademark license agreement with Trex Company. Based in Wallingford, Connecticut, Danver has been the premier stainless steel cabinet manufacturer for the past 20 years, with cabinetry made to order in the USA.

From exclusive door styles and powder coat colors to standard soft-close hinges, Trex® Outdoor Kitchens™ cabinets are the pinnacle of quality, engineering, and style.

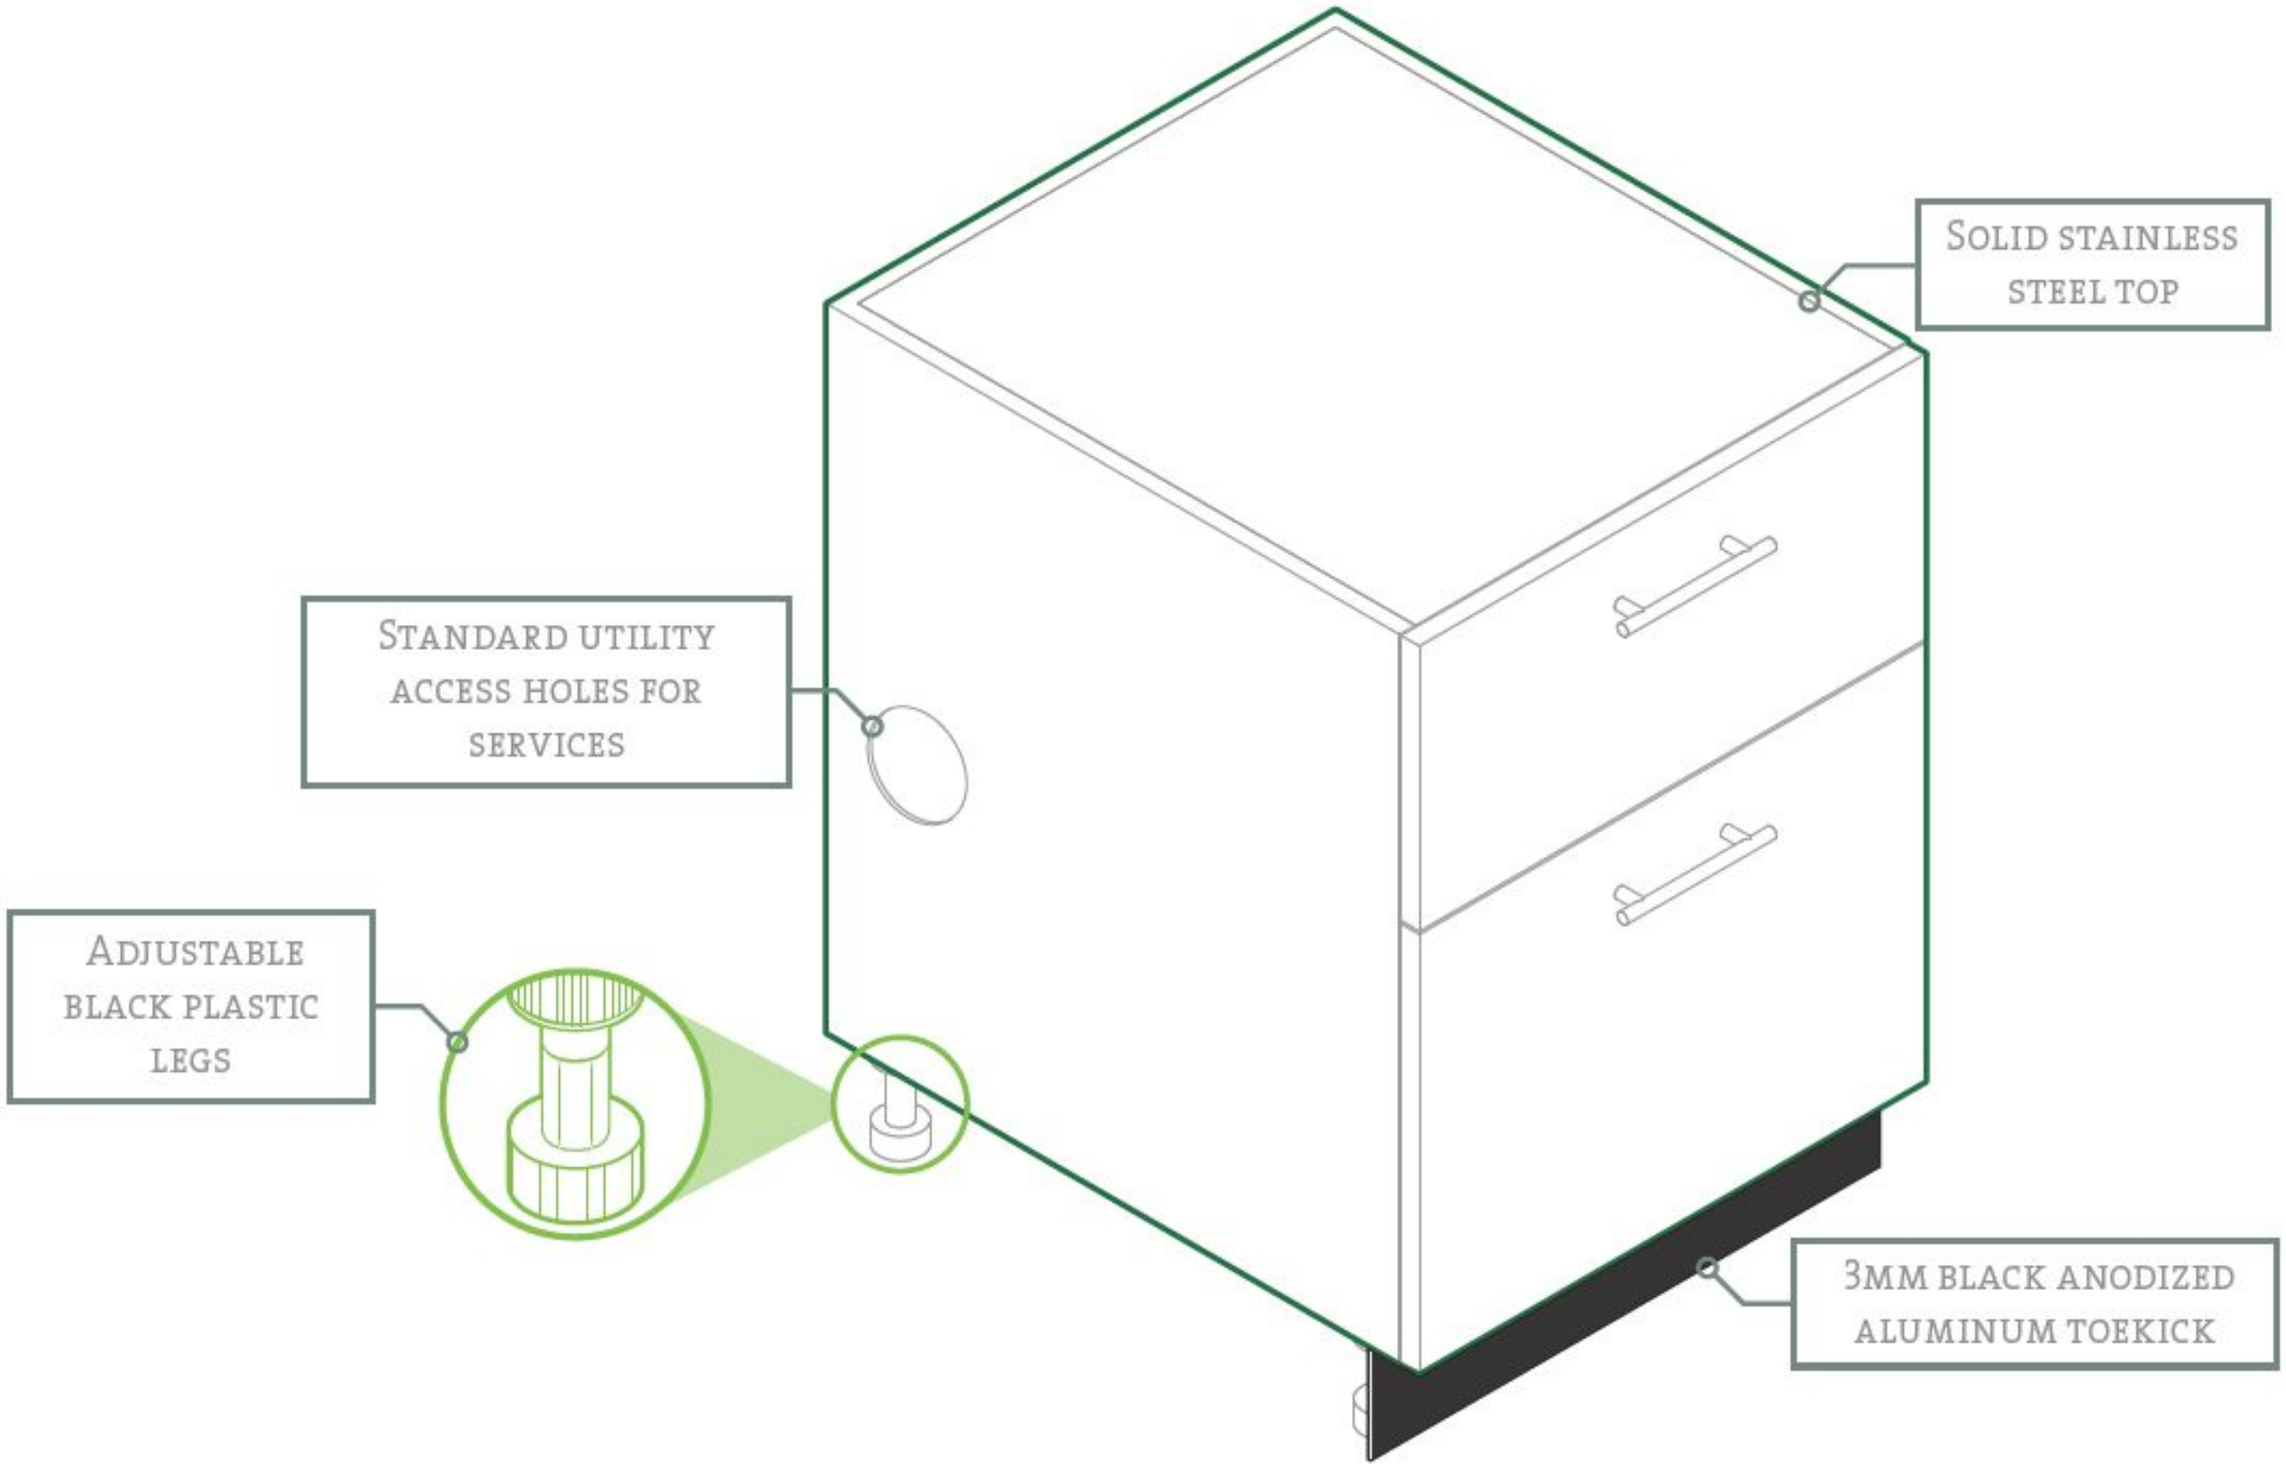


Accommodates most outdoor appliances
100% Stainless Steel doors, drawers and cabinet boxes
7-year limited warranty on powder coat finishes
Trex® Outdoor Kitchens™
Stainless steel cabinets designed and engineered for outdoor kitchens where durability and style are paramount.

Outdoor living is about more than just personal style and atmosphere; it's also about function and longevity. The Trex® Outdoor Kitchens™ brand of stainless steel cabinets delivers on all fronts.

Our cabinets feature:

- Frameless, European styling
- Doors, drawers and cabinet boxes are manufactured from 100% 304-grade stainless steel; 316-grade is also available
- Cabinets have a lifetime warranty
- Powder coat finishes carry a 7-year limited warranty
- Cabinetry sizes increase in 3″ increments, from 9″ to 48″
- Each cabinet is a standard 30″ height with 4″ leveling legs
- 27″ standard cabinet depth (24″ depth also available)
- Drawers feature double-wall construction and full extension under-mount glides with self-close/soft-close technology
- Doors come with soft-close stainless steel hinges, magnetized closures and rain gaskets as standard
- We have cabinets to fit any manufacturer's outdoor appliance: grills, smokers, side burners, sinks, bartending units, and more
- Each project is built to order, ensuring the style, design and color are unique to your vision
- Cabinets are delivered fully assembled and engineered for fast and easy installation



Solid stainless steel top
Standard utility access holes for services
Adjustable black plastic legs

Trex® Outdoor Kitchens™

Bring function and style together through our exclusive Trex Outdoor Kitchens door styles and extensive color palette. Choose a Trex door style to fit your individual taste.

HAMPTON

The Hampton is our standard solid slab door style.

RIO

The Rio is a flat one piece, vertical door frame that is prepped for a glass insert (not included), wood grain insert or powder coated stainless steel panel insert.

NEWPORT

The Newport features two stiles and rails with a center stile.

LONDON

The London features two stiles and rails with cross mullions.

KEY WEST

The Key West is a five-piece shaker-style door, featuring two wide stiles and rails. The center panel can be unfinished stainless, powder coated, or prepped for a glass insert.

FROST

The Frost features our classic Key West frame with a frosted glass center panel, available in your choice of color from the Trex Outdoor Kitchens' palette.

SEA GLASS

The Sea Glass door is a Key West door style with a frosted glass center panel representing the look of sea glass. It is available in three unique colors, Sky Blue, Seafoam Green and Cloud White.

POWDER COAT FINISHES

Trex® Outdoor Kitchens™ offers 14 unique powder coat finishes to protect your cabinetry from harsh elements such as rain, snow, salty ocean air, and sweltering desert sun.

With the ability to customize the look and feel of the outdoor living area, you can decide to blend in with the surrounding landscape, continue the indoor theme to a home or stand out with a dramatic statement color.

SILVER HAMMERTONE

TEAK

WHITE-WASHED WOOD

Powder coating provides a virtually maintenance-free finish by adhering directly to the stainless steel. The realistic wood grain pattern brings another level to any design.

Disclaimer: Due to the differences in powder coat paint batches, subtle variations in color may occur when ordering door replacements or additional cabinetry after the initial purchase. Although we consider these variances to be minimal, there is no way to assure an exact color match.

Powder coat finishes are represented for display only.

Paper & ink limitations of color samples as well as influence from heat & light may account for differences in actual color.

Not all finishes represented here are in stock.

DESIGN & INSTALLATION

Trex® Outdoor Kitchens™ provides a variety of useful tools to help trade professionals design their ideal outdoor kitchen. For the novice, we offer a Microsoft Word® - based layout program, allowing you to quickly create a kitchen elevation drawing. Our outdoor kitchen cabinetry is available online in a variety of file formats, including REVIT, CAD, Chief Architect, Sketch-Up and 2020.
